▶ AQ-4 MkII

AQ-4 MkII, the high quality multipurpose marking and distress personal strobe light, is designed for use in extreme rough maritime and onshore environments. AQ-4 MkII is equipped with a high intensity LED that by a two-way switch activates either flash or fixed light. AQ-4 MkII is waterproof to 500 meters depth.

Typical applications are diving and fire-fighting as location aid, military-personnel and/or equipment marking and aid, personnel/crew on-board any type of vessels, search and rescue personnel, parachuting and kayaking, back-pack travelers and hunters, among other activities.

AQ-4 MkII is sold in a box/carton of 5 units and includes a velcro strap.
